Langoba isahluko sokuqala sikaJoshuwa sibhala ngoguquko phakathi kwabaholi ababili abakhulu bakwa-Israyeli, akasuye umlingiswa weqiniso wale ncwadi. Umuntu obaluleke kakhulu nguNkulunkulu uqobo, amazwi akhe avula incwadi, futhi obuholi bakhe buyisoqokoqela sendaba. Akuthandabuzeki ukuthi wayengubani umholi weqiniso ka-Israyeli

UMSEBENZI KAJOSHUWA (JOSHUWA 1:4-9)

UKWAMUKELA ILIFA LEZITHEMBISO

"Ngiyakulinika zonke izindawo eliyakunyathela kuzo ngenyawo zenu, njengalokho ngathembisa uMose" (Joshuwa 1:3)

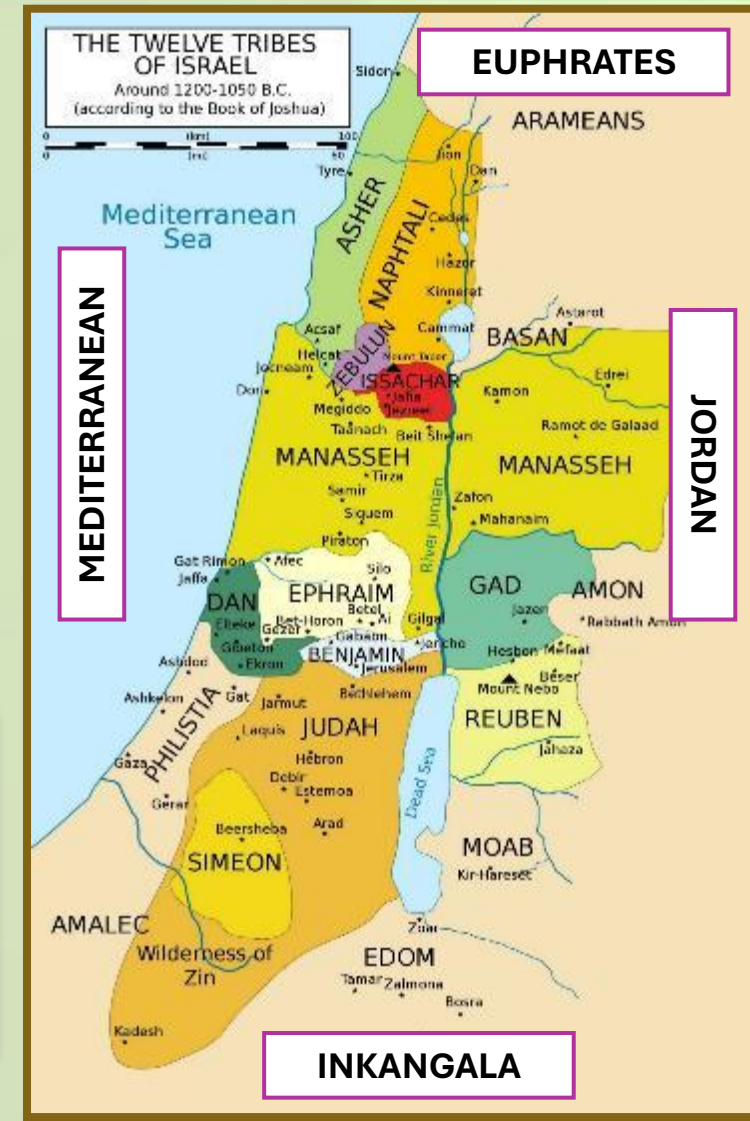

KuJoshuwa 1:3, uNkulunkulu ukhuluma esikhathini samanje esingokwesiprofetho. Ukhuluma ngeKhanani njengokungathi selinikezwe u-Israyeli kakade. Lokhu kutsho ukuthi uNkulunkulu wabapha isiqinisekiso esipheleleyo sokuphumelela kokunqoba.

Wasebakhumbuza ngemingcele ukunqotshwa okuyofinyelela kuyo (Josh. 1:4): isiqetshana esiphakathi koMfula iJordani (empumalanga) loLwandle LwaseMedithera (entshonalanga), kusukela enkangala (eningizimu) kusiya eMfuleni i-Ewufrathe (enyakatho).

Kodwa ukunqoba akugxilanga emizamweni kaJoshuwa, kodwa phambi kukaNkulunkulu. Wamqinisekisa, njengoba eqinisekisa ngamunye wethu: "Ngizoba lawe." (Josh. 1:5; Math. 28:20).

Uthe esephendukela kuJoshuwa futhi amqinisekise ukuthi uma elamandla futhi elesibindi, akekho oyokwazi ukumelana laye (Josh. 1:5-6).

AMANDLA LESIBINDI

"Angikulayanga yini na? Qina, ube lesibindi, ungesabi, ungapheli amandla, ngokuba uJehova uNkulunkulu wakho ulawe lobangaphi lapho oya khona. (Joshuwa 1:9)

Ngaphambi kokuba acele uJoshuwa amandla lesibindi empini (Josh. 1:9), uNkulunkulu wamcela ukuba amnike amandla lesibindi sokulalela uMthetho (Josh. 1:7). Kunjalo lalamuhla. UNkulunkulu usicela ukuthi silwele ukugcina umthetho Wakhe (Samb. 14:12). Lokhu kudinga isibindi esikhulu ngakithi..

Ngokwengxenye yakhe, uthembisa ukuthi "uzoba lawe lobangaphi lapho oya khona." (Josh. 1:9) Esisiza ukuba silwe impi esibhekene layo. Hatshi impi engokwenyama, kodwa "lababusi, lamandla, amandla obumnyama balesi sikhathi, ngokumelene lobubi bomoya ezindaweni eziphakemeyo." (Efe. 6:12) Ukwenza lokhu, usinikeze izikhali ezidingekayo (Efe. 6:13-17).

Isihluthulelo sempumelelo siyikuthembela ngokugcweleyo kuNkulunkulu. Futhi ukwenza lokho, sidinga ukuzihlanganisa Laye nsuku zonke (Efe. 6:18).

IMPUMELELO YOMSEBENZI

"Le ncwadi yomthetho mayibe sezindebeni zakho njalo, uzindle ngayo imini lobusuku, ukuze uqaphele ukwenza konke okulotshwe kuyo, ube lempumelelo, uphumelele. (Joshuwa 1:8)

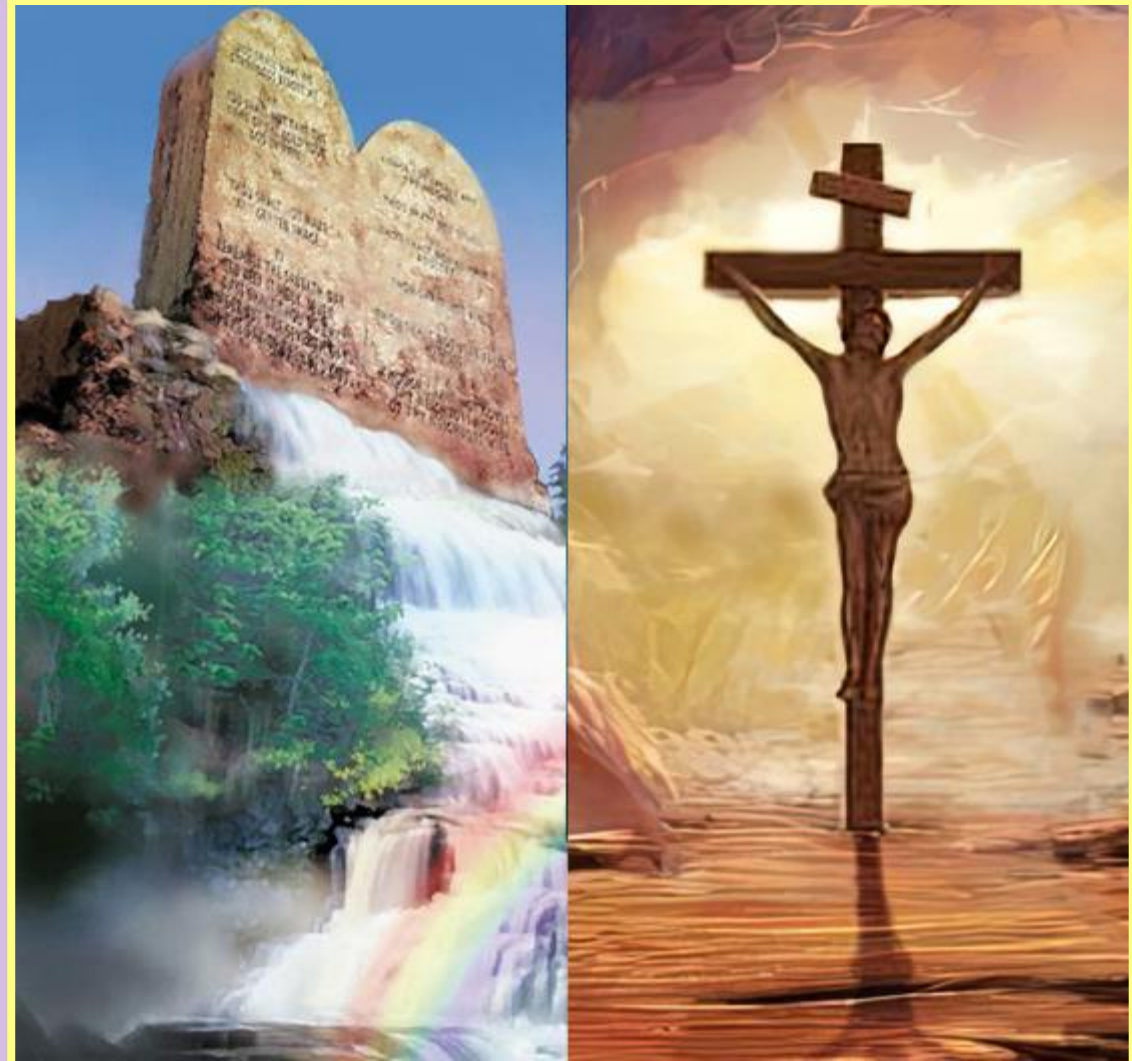

Impumelelo ngokombono kaNkulunkulu ayihambisani lempumelelo ngokombono womuntu.

Impumelelo edlula ngokuphangisa kulomhlaba ingafinyelelwa ngokwephula imithetho kaNkulunkulu leyabantu, kodwa impumelelo yeqiniso leyaphakade ayilakukwazi (Josh. 1:8)

Sizaphumelela uma silandela izimiso lezindinganiso eziseMthethweni kaNkulunkulu. Kodwa lokhu akusiyo yini insindiso ngemisebenzi?

Lutho neze. Ukukholwa loMthetho akuhlukani, kodwa kuyaphelelisana (Roma 3:31). Lapho sikhuluma ngoMthetho, sisuke sikhuluma ngendlela okufanele siphile ngayo, hatshi indlela esisindiswa ngayo. Ubuhlobo bethu loNkulunkulu bubonakala ngokulalela kwethu intando yakhe.

“UmKristu ulomsizi olamandla njalo eNkosini. Indlela yokusiza kweNkosi kungenzeka asiyazi; kodwa lokhu esikwaziyo: Kasoze abalahle ithemba labo abathembela kuye. Ingabe amaKristu ayengaqaphela ukuthi kukangaki iNkosi iwahlelele indlela yawo, ukuze izinjongo zesitha ngawo zingafezeki, ayengeke akhubeke ngokukhononda. Ukholo lwabo lwaluzahlala kuNkulunkulu, futhi akukho ukulingwa okwakuzoba lamandla okubatshukumisa. Babezamamukela njengokuhlakanipha lokusebenza kahle kwabo, futhi Wayezakwenza lokho afisa ukukufeza ngabo.”
